August, 2011

Dear Families:

This year, we are asking the entire Royal Oak High School student body as well as all groups that use our school facility to please discontinue the use of peanut and/or treenut products in the following areas:

- \* Media Center
- \* Orchestra Room
- \* Computer Labs
- \* Choir Room
- \* Gym
- \* Main Office
- \* Classrooms

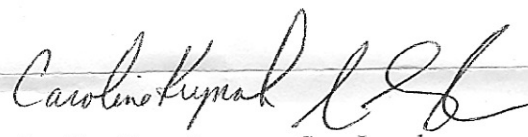

We are making this request because we have students who have severe nut allergies. The odor of any nut or residue left behind can cause a life-threatening reaction. We have attached a list of foods that are nut-free. If you are planning to eat in any of the aforementioned rooms, please consult this list. Also, check package labels and ingredient lists for allergens (nuts).

Royal Oak High School staff and parents would like to thank you in advance for helping us assure the health and safety of all our students. If you have any questions regarding nut-free snacks and treats, please call us at 248-435-8500.

Sincerely,

  
Michael Greening  
Principal

Brian Gordon  
Assistant Principal

  
Caroline Krynak  
Assistant Principal

Sam Lynch  
Assistant Principal
